

## Indicative Critical Component List Television (IS 616)

Details of Critical Components used: Model Name (Specify) :					
Object / part No.	Manufacturer/ trademark	Type / model	Technical data	Standard	Mark(s) of conformity <sup>1)</sup>
LCD Panel					
Plastic Enclosure (Back cover)					
Cabinet					
Pedestal Cover/Stand Material					
Insulation sheet (located between Power supply PCB and LCD panel chassis)					
PCB Material (Primary board)					
PCB Material (Secondary main board) (if used)					
Internal wire					
LEDs, If LASER Class applicable					

ON/OFF Switch (if used)					
Power supply unit					

**Details of Critical Components used: Model Name (Specify) :**

Object / part No.	Manufacturer/ trademark	Type / model	Technical data	Standard	Mark(s) of conformity <sup>1)</sup>
-------------------	----------------------------	--------------	----------------	----------	--

**If power supply unit not certified:**

Appliance Inlet (if used)					
Mains fuse					
Bridging resistor in primary circuit (if used)					
Across the line capacitor / X capacitor					
Line to chassis capacitor / Y capacitor					
Opto-coupler					
Inductor (if used)					
VDR / MOV (if used)					

Thermistor (if used)					
Transformer					
Transformer's Bobbin					
Winding Wire					
Triple insulated wire (TIW) (if used)					

**Details of Critical Components used: Model Name (Specify) :**

<b>Object / part No.</b>	<b>Manufacturer/ trademark</b>	<b>Type / model</b>	<b>Technical data</b>	<b>Standard</b>	<b>Mark(s) of conformity<sup>1)</sup></b>
Insulation Tape					
Line filter coil (if used)					
Bobbin					

**Power Cord Set:**

Mains Plug					
Cord					
Appliance Connector					

**Other required documents -**

- 1) Sample with proper marking label (One sample for every lead model)
- 2) Circuit Diagram

- 3) List of Safety Critical Components [Final list will be subject to physical verification of sample]
- 4) Instruction & Service Manual
- 5) Transformer Details
- 6) Business License (Copy of Original + English Translated) [Skip it if you have given it for any previous model]
- 7) Trade Mark Certificate (Copy) [Skip it if you have given it for any previous model]
- 8) If Series inclusion then Declaration letter from the manufacturer
