

## Guidelines for series approval of products for **Digital Camera**

<b>Basic Configuration</b>	<b>Grouping as one series provided product has</b>
Digital Camera	<ul style="list-style-type: none"><li>• Same Enclosure material except for differences of decorative parts.</li><li>• Same input voltage.</li><li>• Same PCB design layout.</li><li>• Same IP rating.</li><li>• Same rating of battery (registered batteries), if applicable.</li><li>• Same type of functionalities e.g. Printing.</li><li>• Registered adapter with the same output rating to input of Digital Camera, if applicable.</li></ul>

### **Guidelines for Quantitative Selection of Samples**

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
