

## Guidelines for series approval of products for **Keyboard**

<b>Basic Configuration</b>	<b>Grouping as one series provided product has</b>
Keyboard	<ul style="list-style-type: none"><li>• Same Enclosure except for differences of decoration parts</li><li>• Same rated Input voltage</li><li>• Same PCB design layout</li><li>• Same IP rating</li></ul>

### **Guidelines for Quantitative Selection of Samples**

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
