

Guidelines for series approval of products for **Video Camera**

Basic Configuration	Grouping as one series provided product has
Video Camera (With or without display)	<ul style="list-style-type: none">• Same Enclosure material except for differences of decorative parts.• Same class of construction.• Same input voltage.• Same PCB design layout.• Same IP rating.• Same rating of battery (registered batteries), if applicable.• Same mounting mechanism e.g. Handheld, Tripod etc.• Registered adapter with the same output rating to input of Video Camera, if applicable.

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
