

**Guidelines for series approval of products for  
Wireless Microphone**

<b>Basic Configuration</b>	<b>Grouping as one series provided product has</b>
Wireless Microphone	<ul style="list-style-type: none"><li>• Same Type of Microphone based on built-in or external transmitters i.e. Handheld, Clip-on, Body Pack, Headset etc.</li><li>• Same Enclosure material except for differences of decorative parts.</li><li>• The change in aesthetics &amp; location of buttons may be accepted if the lab ensures that these do not have effect the safety.</li><li>• Same design and layout of PCB.</li><li>• Same IP rating of transmitter and mic.</li><li>• Same Input Voltage of transmitter and mic.</li><li>• Same rating of battery (registered batteries).</li><li>• Same type of charging (USB/Charging Case/wireless).</li><li>• Registered adapter/power bank with the same output rating to input of Wireless Microphone, if applicable.</li></ul>

**Guidelines for Quantitative Selection of Samples**

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
